## RECENT BRIDE HONORED

Mrs. Chester J. Saathoff, a recent bride, was named honoree of a lovely miscellaneous shower at 2:30 Sunday afternoon, at the home of Mrs. Emil Britsch. Mrs. Saathoff was formerly Miss Martha Daniel of San Antonio.

The hostesses of the party were Mrs. Alma Groff, Mrs. Walter Britsch, Mrs. J. M. Eichholtz, Mrs. Eddie Schumann of San Antonio, and Mrs. Emil Britsch. A Halloween motif was featured in all the decorations and appointments, yellow cosmos and Mexican daisies being used on the lace-covered dining table. The honoree's chair was covered with yellow and black paper and the gifts were distributed from a large paper pumpkin.

Mrs. Saathoff, attired in a navy blue sheer frock with navy accessories, and escorted by Frances Ann Groff, entered the room and took her place as Mrs. Ernest Britsch played a march on the piano. Marjory Ann Britsch assisted the honoree in unwrapping her gifts and showing them to the guests.

Refreshments of chicken sandwiches, punch and cake, and yellow and black Halloween candies were served.

The bride's book was presided over by Jonell Britsch and a large number of friends and well-wishers registered in it.

## HONDO H. D. CLUB

The Home Demonstration club met at the home of Miss Lenora Schmidt on October 21st. All members were present and Mrs. E. B. Buchhorn is a new member and Mrs. Ira Schmidt was a guest. Mrs. Harrison Wilson of Yancey gave a very interesting report of the State H. D. Convention at Beaumont.

Miss Hambleton gave an interesting discussion of the history of the candlewick spreads. She informed the members that Georgia was the bedspread state; also that all white was very beautiful or to use white ground and candlewick it in colors. Then all the members learned how to candlewick and found it real easy to do. Miss Hambleton had green sheeting with white thread which is very pretty.

Miss Schmidt served punch, doughnuts and cake. —Reporter.

## McGRAVIN-HERMES NUPTIALS

On Sunday, October 26, Miss Violet Edith Hermes, oldest daughter of Mr. and Mrs. H. J. Hermes, became the bride of George Wilford McGravin of San Antonio. The wedding took place in St. Gerard's Rectory in San Antonio at 10 A. M. with Rev. E. B. Gantreau performing the ceremony. Witnesses were Miss Bernice Brucks and Hubert Hermes, Miss Lorine Hermes and Chester Balzen.

The bride wore a teal blue dress with teal blue accessories, and wore a corsage of pink carnations. Miss Brucks' frock was moss green and her accessories were brown, and she wore a corsage of gladioli. Miss Hermes was attired in a blue dress with black accessories and she also wore a corsage of gladioli.

In the evening a supper was given in the newlywed's honor at the home of the bride's parents in Hondo. Those attending were the honorees, Mr. and Mrs. McGravin, Mr. and Mrs. H. J. Hermes Jr., Mrs. H. J. Hermes Sr., Mr. and Mrs. W. J. Brucks, Misses Lorine, Leora and Dorothy Hermes, Elizabeth Anderwald and Bernice Brucks, Messrs. Hubert, Lloyd, and Leroy Hermes and Chester Balzene.

## ARMY BUYS HORSES HERE

Army buyers for the South Central Remount Area were in Hondo Tuesday, October 28, at which time they inspected a large number of horses at the stock pens. Seven animals were purchased to be used as cavalry and heavy cavalry horses.

O. J. Bader sold one horse to the purchasing board for which he received a premium of \$170.00. Others were purchased from the following at a price ranging from \$150 to \$165: Bud Crain of Yancey, 1; W. J. Saathoff of Hondo, 1; John G. Schuehle of Hondo, 1; and three from Barry Bros. of San Antonio.

In the meantime, 6 horses purchased in Cotulla, 1 in Carrizo Springs, 3 in Rio Frio, and 3 from Joe Short of Bandera, have been brought to Hondo. A carload of twenty horses will be shipped out of the local depot today (Thursday) for Fort Reno, Oklahoma, according to information received from Paul R. Richter.

## LIONS PLAN MANY ACTIVITIES

At its weekly luncheon Wednesday, at the Armstrong Cafe, the Hondo Lions Club made plans for many activities to hold its interest during the month of November. Ladies' Night will be observed by the Club next Wednesday night, November 5th, at the Armstrong Cafe. A bridge tournament will be sponsored by the club and will begin in the middle of the month. One new member, Edgar Stiegler, and two visitors, Marvin Grell and V. Horace Crow, were among those present at Wednesday's luncheon.

## DEPARTMENT OF HEALTH SERVICE

Detailing some of the ways the State Department of Health is aiding each county in the prevention and control of communicable disease, Doctor Geo. W. Cox, State Health Officer, today revealed that the number of specimens examined and the amount of vaccines distributed free to Medina County in 1940 by the State Hygienic Laboratory would have cost \$754.00 if purchased through private laboratories.

"The service rendered to this County is but one of twelve organized services set up to help you," Doctor Cox added.

The other services maintained by the State Department of Health include Vital Statistics, Food and Drug Inspection, Venereal Disease Control, Public Health Education, Tuberculosis Control, Sanitary Engineering, Maternal and Child Health, Nursing Service, Local Health Service, and Administration.

"The assistance rendered this one County in this one division of service will convey to you some idea of the scope of Texas' health program," Doctor Cox stated. "The State Department of Health operates a state appropriation of Four Cents per person, which amounts to \$644.24 for this County. When compared to the return from only one of the twelve divisions in the State Department of Health, it is readily seen that Texans are getting much more health protection than they are paying for."

## CIVIL SERVICE EXAMINATIONS ANNOUNCED

Border Patrolman—\$2,000 a year, in the Border Patrol, Department of Justice. This examination is announced on a nation-wide basis since sufficient eligibles were not obtained when it was announced recently in the southwestern section of the country. Most of the positions to be filled are on or near the Mexican border. Experience requiring a program of arduous physical activity is necessary. Applications must be on file not later than November 28, 1941.

All applications must be sent to the Washington office of the Civil Service Commission not later than the closing date specified. Full information as to the requirements for these examinations, and application forms, may be obtained from Clarence Haass, Secretary of the Board of U. S. Civil Service Examiners, at the post office, or from the Secretary of the Board of U. S. Civil Service Examiners, at any first- or second-class post office.

## MRS. THERESA SPETTEL DEAD

Mrs. Theresa Spettel, aged 84, died Oct. 25, 1941, at Medina Lake. Survivors are three daughters, Mrs. Mathilda Redus, Mrs. Adolph Holzhaus and Mrs. Alex Mangold; a sister, Mrs. Mary Belzung, and a brother, John Liebold. Requiem mass was sung in St. Stanislaus Catholic Church, Bandera, Tex., at 9 a. m., Oct. 27. The body was taken to San Antonio for interment in Mission Burial Park and services held at the cemetery at 12 noon.

The deceased was the widow of the late John Spettel, a stock man of the Medina Valley, and had lived in that section all her life.

## THE LOW DOWN FROM HICKORY GROVE

You won't pick up a paper except to see where they are finding some new way to clamp down on business. You would think business was some kind of a Jesse James. And while they clamp down, business plods along and builds more 6-shooters, and planes, and battleships.

Politics makes the flowery talks. Business lugs the burden—and is the goat. Nobody ever pats business on the head and says, "Buddy, you are doing" a very skookum job." That would be a faux pas of the first water.

We have all kinds of celebrations and festivities—birthdays, labor days, and election days, etc. But a day for saying a good word for business—not on your tin-type. But every dog has his day. We even got around, in time, to having a Father's Day. So we can say, about business. Maybe manana. Yours with the low down,  
JO SERRA

## JOB FOR THE NATION

Fire Prevention Week is over. During that period, almost every American was given an opportunity to learn of the hazards that cause fire, and the simple preventative steps that will eliminate the bulk of them. We saw fire prevention placards and circulars. We read about fire prevention in our newspapers and heard about it over the air. Now is the time to put the information gained, to use.

If you failed to take advantage of Fire Prevention Week, it isn't too late to correct matters. Insurance agents, fire marshals and others are glad to give anyone the desired information. Fire can be conquered when, and only when, all of us fight this enemy of life and property, and of national defense.

Fire is the great waster, the great killer, the great destroyer. Fire takes the fruit of men's labors and reduces it to smoking piles of useless ash and rubble. Fire breeds delay in industrial production. Fire consumes resources and materials which are vitally needed for defense work and normal life as well. Fire is the ever-present ally of this nation's enemies.

Such organizations as the National Board of Fire Underwriters are doing a superb job in improving the fire protection of army camps, naval bases and industrial areas. They are fighting arson and sabotage on a 24-hours-a-day, 365-days-a-year basis. But they can't do it all. They can't send an inspector into every home and place of business. They must have the help of everyone if the war against fire is to result in victory.

It's up to you. At least eighty per cent of the fires that destroy hundreds of millions of dollars worth of property and some 10,000 lives each year, are preventable. Here's a job for the nation.—Industrial News Review.

A demonstration on the San Pedro ranch near Carrizo Springs shows that kerosene is effective and economical in killing mesquite trees and brush, says Robert R. Lancaster, Extension Service pasture specialist. In 1939, 2,000 acres were treated, 3,459 in 1940 and this year's program calls for another 3,000. There was some resprouting, but such instances were readily found and treated the next year. The oil is applied by means of a two-foot spout attached to a two-gallon can equipped with a carrying bail and side or pouring handle. The spout opening is about the size of a lead pencil. Approximately 12 inches of the base of the tree is thoroughly saturated with oil to a point where some of it flows into the ground. It is the kerosene on the roots which kills the shrubs and trees. Special care should be taken in treating bushy and "slick" bark mesquite, as these have been found to be more resistant to the oil. The spray program on the San Pedro ranch, carried on under the supervision of County Agricultural Agent A. L. Sebest, starts in July and runs through September. No more than government allowance has been used in the eradication work.

**BYRON C. LANGLEY**—The job of building from scratch what will probably be the largest plant of its kind in the state was handed to Byron C. Langley by the Board of Directors of Texas Agricultural and Mechanical College last year when he was selected as superintendent of the new West Cross Timbers Agricultural Experiment Station now being established at Stephenville, Erath County. The appointment was looked upon by college authorities as an earned promotion. Reports are that he is making good progress in the tremendous task that is before him.

He was agronomist at Spur, Dickens County before going to his present assignment.

In 1924 Mr. Langley graduated from John Tarleton Agricultural College at Stephenville, and received additional degrees at A. and M., where he joined the Experiment Station staff in 1929. He was sent to the station at Spur in 1931.

He has shown unusual skill in measurement and control of runoff water. His experience should serve him well in establishing the new 600-acre plant of the West Cross Timbers Experiment Station, authorities pointed out.

Nacogdoches, Goliad and San Antonio for many years were the "three dim lights of civilization in the vast wilderness of Texas."

—TCNS-University of Texas Photo.

The State of Texas is a veritable geological laboratory. This unusual picture of dinosaur tracks was made available to readers of this newspaper by Dr. E. H. Sellards, director of the University of Texas Bureau of Economic Geology and Texas Memorial Museum. In commenting upon them, Dr. Sellards said:

"These mammoth tracks were found in Hondo River in Bandera County not far from the Medina County line. They are tracks of one of the large carnivorous three-toed dinosaurs. The tracks were made in a calcareous mud probably at a time when this locality was near the seashore of that time. After the tracks were made the mud hardened somewhat before the tracks were filled by waves or streams carrying other deposits. The hardening of the mud resulted in a line of cleavage so that while the tracks were subsequently filled they were nevertheless preserved showing the exact form and size. Subsequently the calcareous mud hardened into limestone rock and was covered by other Cretaceous deposits later uncovered by the eroding action of the stream."

Mr. and Mrs. John P. Kelly and children from San Antonio visited with Mr. and Mrs. Joe H. Steinele and daughters at Dunlay and with Henry and Miss Emma Graff at Hondo Sunday.

Born to Mr. and Mrs. Woodrow Sharp, a 7-pound 14-ounce son, at the Castroville Clinic, Wednesday, October 22, 1941. The grandpar-ents are Mr. and Mrs. William Sharp of Bartlesville, Oklahoma, and Mr. and Mrs. P. F. Christilles of LaCoste.

Mr. and Mrs. R. J. Wanjura and children of Lytle were visitors at Dunlay Sunday in the Harry Meyer home.

Mr. and Mrs. L. G. Gutzeit from San Antonio visited with Mrs. Mary Christilles and Mrs. Katie Schmidt here Monday.

The condition of Wm. Jungman, Sr., who underwent an operation in the Santa Rosa Hospital Sunday, is reported grave. It is feared that he has developed pneumonia.

### SAVE YOUR PAYMENTS

Unless farmers of Medina County take immediate steps to earn their maximum soil-building assistance, they will lose the opportunity to use this money for improvement of the soil on their farms this year. V. P. King, chairman of the county AAA committee, has announced.

Since the 1941 program ends November 30, 1941, all practices must be completed by that date if payment is to be received under this year's program.

Last year, farmers of Medina County failed to earn \$8,000 of the soil-building assistance allowed under the AAA farm program. King said, while farmers of Texas fell short of earning the maximum by two and one-half million dollars.

The big issue is not the amount of money unearned, but the amount of soil-building practices farmers failed to use, King pointed out.

Improving the fertility of the soil is all the more important now, the official said, since the demands of consumers in this country and the needs of nations resisting aggression require still greater food production in the interest of national defense.

Practices which still can be completed by the end of the contract year include planting winter legumes and applying phosphate, ter-racing, contour ridging, listing, chis-eling and furrowing non-crop pas-ture, and building earthen tanks and reservoirs.

These practices tend to preserve soil and moisture, prevent erosion and improve grass supply, King said, in pointing out their soil-building merits.

### Speaking of September 30

The rush last Tuesday to buy furs, jewelry, and costumes before the new 10 per cent Federal tax went into effect was comparable to the peak of Christmas buying. The occasion inspired H. G. W. S., New York City, to send in the following: 'Twas the night before taxes

And all through the stores  
Not a creature was idle  
Not even the doors.

Thanksgiving's been shifted  
But quite unheard  
New taxes brought Christmas  
October the first.

### OUR COTTAGE

By Eunice Clement Hyatt

My cottage is not prim and neat,  
As are the others on our street;  
My neighbors' windows fairly shine,  
But there are finger prints on mine.  
His lawn is trim, unmarred by toys,  
And minus little girls and boys;  
But in my yard, are dolls and pails  
And wooden horses, minus tails.  
Upon his walk I hear no sound,  
No barren spot is on his ground;  
No children's feet would dare to tread,  
Upon that smooth and velvet spread.

My flowers are sown in scattered plots,  
To make more room for tiny tots  
Who like to march between the rows,  
And sing and prance upon their toes.  
My walks resound with feet that stray.

Their entire length when children play;  
My turf is bruised where children walk.

The garden echoes with their talk.  
It cannot boast of shrubbery rare,  
For only clover blossoms there.  
I wish our neighbors could realize,  
How near we live to paradise!

A friend is a man who laughs at your funny stories, even if they aren't so good, and sympathizes with your misfortunes even if they aren't so bad.

#### One for the Ladies

Man criticizes woman for her extravagance, but she never wastes one dollar's worth of shotgun shells to get one dove.

Nor goes into a restaurant and buys a 25c meal and gives the waitress a 25c tip because she smiles at him.

Nor buys a dollar's worth of minnows to catch one poor little fish.

#### Surprise for Dad

There was a ladder at the window and a young woman was on it when the policeman came along. To the young man at the foot of the ladder the officer said, "Eloping, eh?"

"No," answered the young man, "we've eloped already, and now we're coming home to live with the family."—Exchange.

TEXAS TOPS IN MODELS

Photographers in New York, San Francisco and Hollywood state that Texas sends them more beautiful models than any other of the 48 states. Rosalie Schoech, who has turned down New York and Hollywood offers, is pictured here as she poses for Hence Griffith, well-known photographer of Dallas. Miss Schoech is the striking Texas beauty you now see on Grand Prize Beer highway posters.

Approximately fifteen million pounds more Texas milk was converted into dairy products during July than during July, 1940, the University of Texas Bureau of Business Research estimates. Ice cream, creamery butter and cheese plants used an estimated 153,492,000 pounds of raw milk to turn out 4,667,000 pounds of butter, 2,013,000 gallons of ice cream and 2,213,000 pounds of cheese. Ice cream production shot 35.2 per cent above that of July, 1940, while cheese output registered a 14.3 per cent gain and creamery butter a 3.6 per cent increase. The expanding icecream industry in Texas continues to boom, as 1941's production to August 1 showed a 23.3 per cent gain over the output for the first seven months of 1940. For the January 1-August 1 period, butter production likewise gained 22.1 per cent, cheese manufacture 4.8 per cent.

Fryers are now the best sellers on most homemakers' markets in Texas, and many producers are buying baby chicks now to meet the increased demand for fryers during the early fall months. That's the report from Myrtle Murray, Extension Service specialist in home industries, who supervises the work of these markets. She says the other farm women can take this tip from those who sell on markets: Some of the producers are getting ready for Christmas sales now by preserving products for holiday sales. Among these are canned sweet pickled, preserved and dried peaches; preserved, spiced or crystallized figs; jellies and juices of all kinds; and brined cucumbers to be made into sweet and sour pickles as needed. Some women are storing fruits and vegetables in freezer lockers to sell at premium prices next winter.

Horgger while here.

## OWLS TO PLAY UVALDE

The Hondo Owls and the Uvalde Coyotes were both idle last week in preparation for their game to be played in Uvalde on Friday night, October 31st. The game will be a conference game, and the outcome will probably determine the winner of the title in the north zone of District 37-A.

A large number of fans will follow the Owls to Uvalde Friday night.

## FOOTBALL IN THE DISTRICT

Results of football games played in District 37-A on October 24 are as follows:

Pearsall 14, Carrizo Springs 13.  
Cotulla 13, Devine 7.  
Eagle Pass 31, Crystal City 0.  
Brackettville 13, Sabin 7.  
Games scheduled for this Friday, October 31, are as follows:  
Hondo at Uvalde.  
San Felipe at Sabin.  
Del Rio at Brackettville.  
Pearsall—Open.  
Eagle Pass at Carrizo Springs.  
San Antonio Tech B at Cotulla.

## SHALL A SPECIAL TRAIN BE RUN TO DEL RIO?

It has been indicated by the railroad company that it will run a special train to Del Rio for the Hondo-Del Rio football game if as many as one hundred and ninety people will buy tickets in advance. The round trip fare will cost \$1.85.

The school does not guarantee that a special train will be run, as the school authorities cannot guarantee the railroad company 190 fares at \$1.85. It is entirely up to the fans and the railroad company. If enough of the fans are interested, the train will probably be run. All those interested are advised to see Mr. Al Hollmig.

Rivalry between the two schools has always been intense, so put in your vote for this special train, and go to Del Rio to support the Owls.

## CARRIZO LOSES TO PEARSALL

Carrizo Springs, Oct. 25.—The Carrizo Springs Wildcats lost a hard fought game to Pearsall here Friday night 14-13. The Wildcats showed more power than any team has against Pearsall this year by rolling up 16 first downs to their 9. The penetrations were 4 to 2 in favor of the Wildcats also.

Wallace of Pearsall started the

scoring in the first quarter by going through the middle of the line for 66 yards and a touchdown. The Wildcats came back in the third and fourth quarter to score two touchdowns both by Earl McClendon on runs of 52 and 19 yards. However, Wallace scored again for the Mavericks in the fourth quarter and Gossett's educated toe was perfect for the two extra points. Gomez, Williams, Butler, McClendon, and R. Tumlinson were outstanding for the Wildcats, while Wallace and Harrington were Pearsall's greats.

The annual meeting of the Thoroughbred Horse Association of Texas will be held Friday, Nov. 7, at E. F. Woodward's Valdina Farms near Hondo, according to Judge Alfred McKnight, of Fort Worth, association secretary. Col. R. B. George, Dallas machinery executive and president of the association, expects most of the 100 members of the organization to be present at the farms, one of the largest thoroughbred horse breeding establishments in the United States. Only breeders of thoroughbred horses belong to the organization. Although horse racing is not allowed in the state, Texas ranks third in the number of breeding farms and first in the number of acres devoted to horse breeding.

Andrew Churman of Crowley is president of the Sycamore 4-H Club and took the award this year for outstanding work with animals. He exhibited Angus calves at the Fort Worth Fat Stock Show and is now feeding Hampshire lambs for competition at the State Fair this Fall.

## Washington Snapshots by JAMES PRESTON

It's open season in Washington again. Unlike the deer season, the duck season, or the trout season, this particular open season has no definite beginning and ending dates. It's one of these recurring things—a sort of game labelled "to be taken out and used when needed".

The game consists of a collection of hard line drives against the mythical opposition named "big business". Since attacking a mirage is pretty tough work, the Congressmen, when they have been playing the game lately, have called the opposition something more specific—"government dollar-a-year" men.

Like the rest of us, Congressmen like to relax when they've got a lot of seemingly stupendous jobs facing them. Who wouldn't rather go fishing than stay in the plant or at the desk all day? Well, some of the Senators felt pretty tired of worrying about impending inflation and the price-fixing mess, the apparent inability of the Administration to formulate a labor policy, the fear that sources of taxation are being rapidly dried up with future billions still to be raised, and other gloomy and complex problems. So they declared the season open and immediately changed into their campaign-against-big-business clothes.

Senator Murray of Montana, who is Chairman of a Senate Small Business Committee, let go with a formal statement charging that "big business dollar-a-year men, drawing huge salaries from private corporations have moved into control of the Defense Commission, and made it a sort of badge of honor for big business." He then asked for a million dollars for his committee.

Not to be outdone, Senator Wallgren of Washington announced that he had requested the special Senate Defense Committee headed by Senator Truman, to investigate the activities and connections of the more than 125 "dollar-a-year men" in Washington. A couple of other Senators joined in at once with similar proposals.

Just about this time the production engineers, management experts, and other business men who had resigned their jobs in the corporations they had worked to build up to do their patriotic best in this time of "terrible urgency" began to get a little dizzy. But they went on, deciding the dizziness was just the result of plain "overwork".

—WSS—  
There are plenty of Congressmen, however, who've stuck doggedly to work, shamelessly neglecting the open season on big business. And reporters covering committee hearings have come away with the distinct impression that a new uneasiness is arising in the minds of some economic-minded Senators and Representatives about the financial structure of our government. They're asking a lot of questions, for example, about where new revenue can

be raised without undermining the productive system of the country, what the effects are likely to be about the piling up of Government bonds in commercial banks, and other such ponderous topics.

Truth of the matter is that the voter back home is beginning to get worried, and his worry is being translated into letters to his Congressman, and into ambitious local taxpayer programs to reduce local and state spending, and local and state taxes. Authoritative observers on Capitol Hill are giving considerable attention to the clamor coming from the distant communities for prudent government spending whether done by City Hall, the State Capitol, or the Congress.

—WSS—  
With a national debt this year exceeding \$51,000,000,000, and a deficit above \$12,000,000,000, with the necessity, after passing the biggest tax bill in history, of borrowing seven or eight billions more this fiscal year, earnest Congressmen are beginning to think some serious thought should be given, and some action taken in the direction of putting a halt to the mushrooming of non-defense activities of the government, and to saving some national pennies.

## INFORMATION FOR SELECTEES

Although deferred by law from actual military training, Selective Service registrants who are now more than 28 years old must conform to orders from their local boards or be liable to penalties prescribed for delinquents. General J. Watt Page, State Selective Service Director, cautioned them today.

While the amendment to the Selective Training and Service Act of 1940 recently adopted by Congress precludes induction of men who were 28 years of age or older on July 1, 1941, these registrants must still live up to the obligations imposed upon them by the Act, General Page said. They must keep their registration certificates with them at all times, and keep their local boards advised of any change of address.

Although registrants who were 28 years of age or older on July 1, 1941, must fill out questionnaires, General Page explained, when it becomes evident that they are deferred because of age, they will be placed in the proper deferred classification by their local boards.

It is intended, he said, that hereafter registrants who are deferred by reason of age will continue to be classified in the same manner as other registrants, except that they will be given no physical examination, and except that those of such registrants who are being classified for the first time and who are not classified in Class I-C, Class IV, Class III, or Class III will be placed in Class I-H. Those of such registrants who are classified into Class I or Class IV-E before becoming entitled to deferment by reason of age, will be placed in Class I-H and Class IV-E, respectively upon becoming entitled to deferment by reason of age, General Page pointed out.

## YOUR HEALTH PROTECTION

Austin, Texas, Oct. 28.—Detailing some of the ways the State Department of Health is aiding each county in the prevention and control of communicable disease, Doctor Geo. W. Cox, State Health Officer, today revealed that the number of specimens examined and the amount of vaccines distributed free to Medina County in 1940 by the State Hygienic Laboratory would have cost \$754.00 if purchased through private laboratories.

"The service rendered to this County is but one of twelve organized services set up to help you," Doctor Cox added.

The other services maintained by the State Department of Health include Vital Statistics, Food and Drug Inspection, Venereal Disease Control, Public Health Education, Tuberculosis Control, Sanitary Engineering, Maternal and Child Health, Nursing Service, Local Health Service, and Administration.

"The assistance rendered this one County in this one division of service will convey to you some idea of the scope of Texas' health program," Dr. Cox stated. "The State Department of Health operates on a state appropriation of Four Cents per person, which amounts to \$644.24 for this County. When compared to the return from only one of the twelve divisions in the State Department of Health, it is readily seen that Texans are getting much more health protection than they are paying for."

## CHANGE IN SCHEDULE FOR DRIVERS LICENSE EXAMINERS

AUSTIN, Oct. 28.—A complete reorganization of Drivers License schedules throughout the state, effective Nov. 1, was announced today by State Police Director Homer Garrison.

The new schedules, making Drivers License Examiners much more accessible to the public, are the result of an expansion program under the new Drivers License law which provided for the 62 new Drivers License Examiners who graduated from training school Saturday and will begin active duty Wednesday. Here's where and when to get your driver's license problems solved.

SAN ANTONIO SCHEDULE: PATROL DISTRICT OFFICE 8 to 5 six days a week. Friday, Hondo 9 to 12.

## Important Letters

"Any mail?" asked Senator Sorghum.

"A lot of letters," answered the secretary, "all beginning 'My Dear Senator.'"

"Don't waste time. Just hand me those that come in small envelopes with a dash of perfume."

## DAILY LIVESTOCK MARKET REPORT

Monday, October 27, 1941  
San Antonio, Oct. 27.—HOGS, Estimated salable and total receipts \$800. The week's initial session in the hog division found trading on a moderately active basis as prices ruled mostly 15c higher than Friday. The day's top of \$10.00 took good and choice 180-270 lb. butchers while comparable grade 160-180 lbs. made \$9.50-10.00. The bulk of hogs cashed at \$8.75-9.00. Feeder pigs remained about steady as scattered lots scored up to \$9.00. A few around 130-135 lb. weights reached \$9.35.

CATTLE: Estimated salable and total receipts 1,200; CALVES 2,800. Slaughter steers and yearlings sold mostly steady considering last week's losses. Common and medium yearlings turned from \$6.50-8.50. Load lots weighty medium grade grass steers cleared at \$9.35-9.85.

Medium and good beef cows cleared on a weak to 25c lower basis while other grades remained about steady. Common and medium cows cashed from \$6.00-6.75 and only few good lots made \$7.00-7.25. Canners and cutters ranged from \$3.50-5.75, mostly \$5.50 down. Sausage bulls sold generally steady at \$6.25-7.50. Slaughter calf trade was somewhat irregular with prices listed steady to 15c lower and some instances 25c off. Good consignments sold generally at \$9.25-9.75 and only few choice to \$10.00. Common and medium selections ranged from \$7.00-9.25 and culls dropped to \$5.50.

Prices held mostly steady in the stocker calf division. Good and choice steer calves secured \$9.50-11.00 with common and medium kinds mainly \$6.50-8.50, few \$9.00. Good and choice heifer calves secured \$9.00-10.00. Stocker cows brought \$5.00-6.00.

SHEEP: Estimated salable and total receipts 2,000. Receipts in the sheep and goat division were considerably larger than recent Mondays and trade developed slowly. Early rounds found most classes about steady but near the close an over supply cull "boner" ewes looked 25c-50c lower. Woolled lambs reached \$9.00 with yearlings at \$8.00. Medium grade shorn yearlings made \$6.75 with comparable grade freshly clipped aged wethers at \$5.00. Load lots killer goats made \$3.50-3.85. Cull "boner" ewes had to go at \$2.00-3.00. Woolled stocker lambs reached \$8.50. A small lot yearling and two year old stocker goats cashed at \$5.00 with older kinds down to \$3.00.

GLEN L. ELLISON,  
Local Representative.

## GOING INTO CROP INSURANCE BUSINESS

Determining an average lint yield and premium rate per acre for every cotton farm in Medina County is the first task to be accomplished under the cotton crop insurance program. V. P. King, chairman of the Medina County AAA committee, has announced.

Until these figures have been approved by the State AAA Committee and Federal Crop Insurance Corporation, applications cannot be accepted, the AAA official explained.

"We hope to start writing insurance applications in the county later in the fall, however, detail work will not begin until 1942 farm allotments have been determined," V. P. King said in explaining that all allotments would be issued by November 1 in order that the food-for-defense program could get under way.

The 1934-1940 cotton history for a farm will be the basis of determining the average lint yield for a farm. In the event historical data is not available, appraised figures will be used in determining the average yield, King explained.

Premium rates, which will reflect as nearly as possible the crop insurance risks on the farm, will be taken from losses shown in the base period. By this method, each farm will have an individual rating and the possibility of the good farmers carrying part of the risk cost of the poor farmer will be avoided, the AAA official pointed out.

The crop insurance program, under which 50 percent or 75 percent of the average yield may be insured, protects farmers against hail, rain, flood, drought and other factors over which they have no control. It does not insure losses because of poor seed, poor management, or failure to plant cotton at the proper time of year, the chairman said.

## GROUP TO HELP FARMERS AVOID YEAR-END MOVE

Farmers expecting year-end difficulties with excessive debts and their land-tenure agreements have been invited to a conference of the Medina County farm debt adjustment committee to be held Monday, November 3, 1941, FSA office in Hondo.

Mr. Vernor P. King, committee member, stated that the group would help hard-pressed farmers and stockmen to work out agreements with their landlords and creditors to avoid any year-end move from one farm to another.

The farm debt adjustment committee is sponsored by the Farm Security Administration. FSA loans are available to small farmers and stockmen who cannot get credit on reasonable terms from other sources after taking advantage of the services of the farm debt adjustment committee.

## Just a Hint

Overstay—Goodness, is that clock right?

Sally—Oh, no. That's the one we always call "The Visitor."

Overstay—"The Visitor"? What a curious name to give a clock.

Sally (subtly)—We call it that because we can never make it go.

## MEETING TODAY

Farmer-committeemen of the AAA and representatives of government agricultural agencies from Medina county will meet in San Antonio Thursday and Friday, October 30 and 31, to lay plans for the Food-For-Freedom campaign in this area, according to V. P. King, chairman of the Medina county USDA defense board.

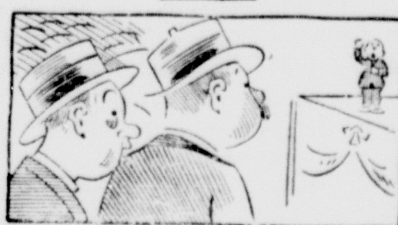

The district meeting will be one of 12 similar meetings being held throughout the state at the same time to get the food production campaign into high gear, the defense board official said. Representatives of Medina county who will attend are AAA Committeemen, and Heads of other Government Agencies.

Following the district meeting, the county USDA defense board, working with AAA committeemen, will undertake a farm-to-farm canvass in the food production pledge sign-up. Farmers in the county will be asked to produce their share of the foods which are needed for defense and for aid to the nations resisting aggression.

"We are undertaking the greatest food production job in the history of the world," King declared. "We have the goals to meet and we will meet them. I believe the farmers of this county will go all-out in their effort to do their share in the Food-For-Freedom campaign."

King explained that the USDA defense board would announce definite plans for carrying on the campaign in the county after the district meeting, but it is anticipated that county and community meetings to explain what is needed will be held in conjunction with the farm plan and pledge sheet sign-up which will be handled by AAA committeemen.

## DEFENSE BOND QUIZ

Q. I cannot find the word "Defense" anywhere on the Defense Savings Stamps I have bought. Are they merely Postal Savings Stamps, or does my money invested in these Stamps go into the Defense Program?

A. The money you use to purchase these Stamps goes definitely into the Defense Program. The Stamps bear the words "America on Guard", which indicates that they are an integral part of the Defense Program.

Q. What is the Treasury's purpose in putting Defense Savings Stamps on sale in retail stores throughout the Nation?

A. To make it as easy as possible for Americans everywhere to buy these stamps, which, as everyone knows, may be exchanged at many post offices and banks for Defense Savings Bonds.

Note.—To buy Defense Bonds and Stamps, go to the nearest post office, bank, or savings and loan association; or write to the Treasurer of the United States, Washington, D. C. Also Stamps now are on sale at most retail stores.

## DEMAND FOR GOOD POLLED HEREFORDS

Tommy Schuchart of D'Hanis recently sold bull calves to the following breeders: Schuchart Bros. of Cliff, a 10-months-old calf at \$300; John G. Classen and Son of San Antonio, a 10-months-old calf at \$450; Melvin L. Rossman, a 9-months-old calf at \$250.00. A 11-months-old calf went to Eldor Diercks of New Braunfels at \$185.00. Manuel Schuchart and Sons of Rio Medina, who have a start of good registered polled cattle, bought a 5-months-old calf at \$350.00, which looks to be a prospect of a real herd bull.

Mr. Schuchart also sold a couple of grade calves recently at \$100.00 to \$135.00 each.

## Fourth Grade To Observe Halloween

Halloween! Halloween! Oh, what funny things are seen! Witches' hats, coal black cats, Broomstick riders, mice and rats!

Halloween! Halloween! Lanterns light the magic scene. Dances queer, shrieks of fear, Strangest night in all the year!

The Fourth Grade is having a party in their room Friday afternoon. Masks are being made out of paper bags. The jack-o-lantern has been fun all week.

## Red Cross Roll Call Period Approaching

The traditional Red Cross Roll Call period is November 11 to 30. The Junior Red Cross members are planning for a membership drive to include the enrollment of all the rooms in the school. The enrollment fee is fifty cents for each elementary school classroom, or one dollar for every one hundred pupils or fraction thereof, of the high school. Any additional contribution is greatly appreciated.

## Seniors Sponsor Dance

The Senior Class sponsored a dance held in the gym Friday night. Music was furnished by a nickelodeon, and each Senior gave a dime toward the music. Records were changed throughout the evening. This was done to give a little more variety of dance tunes.

The dance began at 7:30 P. M. and broke around 12 o'clock.

## F. F. A. ENTERTAINS F. H. T.

At the last meeting of the F. F. A. Chapter it was decided to entertain the members of the F. H. T. club with a weiner roast at the Water Works lawn on Monday evening, October 27.

A special meeting will be held by the chapter, Wednesday, October 29, for the initiation of all new members to the degree of Greenhands and to raise all those who are qualified to the degree of Future Farmers. All members to become Greenhands must know the F. F. A. Creed. Franklin Bless and Frank Graff were elected to fill the vacant offices of Parliamentarian and Farm Watch Dog, respectively. There were 39 members present at the meeting.

## NEW BOOKS IN LIBRARY

During the past several weeks, several shipments of new books have been received by the Hondo High School library. They are being checked out as fast as they come in, because they furnish a new source of book reports.

Unlike last year, the book reports this year are being conducted on a point basis, with the Freshmen being required to have 20 points, the Sophomores 25, the Juniors and Seniors 30, together with various other requirements in drama, travel, biographies, etc.

A few of the new books are: Apache Gold—Dobie, J. F. My Antonia—Cather, Willa. Shadows on the Rock—Cather, Willa.

Martin Johnson, Lion Hunter—Green, Fitzhugh. Straight Texas—Dobie and Boatright.

Sea Wolf—London, Jack. Lost Horizon—Hilton, James. Rebecca—Maurier, Daphne. Charles Goodnight—Haley, J. H. Decade—Longstreet, Stephen. My Son, My Son!—Spring, Howard.

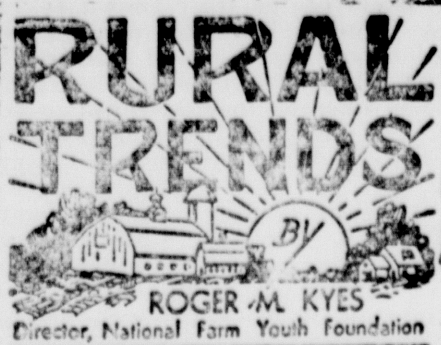

Northwest Passage—Roberts, Kenneth. Bulfinch's Mythology—Bulfinch, Thomas.

One of Ours—Cather, Willa. White Banners—Douglas, Lloyd. Meal Planning and Table Service. Every Day Manners. Sharing Home Life and Family's Food (2 Volumes).

Mistress: "You don't seem to know about finger-bowls, Norah. Didn't they have them at the last place you worked?"

Maid: "No, ma'am. They mostly washed themselves before they came to the table."

## DEMOCRACY

Democracy, which we have taken for granted and have been neglecting, has suddenly grown very dear to us. As a united nation we are most concerned about the survival of our democratic institutions.

Many of us do not know exactly what we are trying to save. There have been many hazy notions and warped explanations of Democracy. It is not a complex thing that requires the learned philosophy of a renowned professor. Democracy is a simple process which draws its strength from the fact that it is easy to understand and reasonable.

Democracy, in the American sense of the word, is simply that the individual decides of his own free will to join with his fellows in a collective effort. While taking part in this effort, it is understood that every individual reserves the right to withdraw from this collective endeavor if he so chooses. In other words, democracy is based upon individualism, successfully blended through common consent of individuals to accept a combined point of view for the benefit of a whole nation.

Our people have decided that democracy is worth defending, so we must consider the task. The most apparent fact is that we must accept a lower standard of living as a part of our defense obligation.

We must submit to heavy taxation. Many things must be foregone. In spite of government efforts at control, prices will rise. The result will be that many will not be able to afford things to which they are now accustomed. Income will be behind prices, making the life of all of us more difficult.

Much can be done through our own efforts to help ourselves. Food is the main essential which we all need. Unless we do something about growing more food we will find ourselves in a difficult position. The hungry people of other nations look to the United States for food.

The world demand upon the country for foods of high nutrition will be greater than any of us dream. This demand will cause a shortage in the supply of many foods. The price will jump, making it more difficult for people of low income to secure the foods they need to maintain adequate diets. Soon the health of the nation will be at stake. No greater permanent damage can be done to democracy than sacrificing the health of the democratic people as a result of inadequate preparation to insure an abundant and lasting supply of foodstuffs.

The maintenance of democracy requires strong men and women. A coward can rule with gun and sword, but it takes courage housed in a healthy body to be a worthwhile citizen of democracy.

To safeguard democracy we must turn to America's greatest democratic institution—the family farm. Here vegetables, poultry, fruit, livestock and dairy products are best produced. Best of all, we can rebuild democracy while we are fighting for it. Commercial agriculture has ruthlessly destroyed the happiness of many farm families, but its day has passed; its surpluses are of little value. All America is returning to the realization that the strength of this country lies in those small plots of land upon which the family toils, sharing joys and sorrows, but, more than that, sharing the knowledge that the land will return all you put into it. Such families made America and such families are now necessary to safeguard our people.

No defense effort can pay greater return than the efforts we make to re-establish the rural families of America on farms which they can call their own. Children born to these families will be the dividends of democracy.

## Plenty of Distance

The singing teachers were discussing the troubles of one student. "What, in your opinion, is wrong with her?" asked one.

"Why, it seems to be another case of voice displacement," replied the other.

"Hm-mm, possibly. But just what do you mean by that?"

"Well, there is only one place for that voice that I can see—a deserted island."—Christian Science Monitor.

From The Owl:

## Mr. Eugene Masur Teaching in H. H. S.

Mr. Masur, graduate of Howard Payne College, has proved a very versatile individual. Outside of being captain of track and football, he is the only one on record to have lettered four years at Howard Payne, and in all, he has played football eleven years.

While at Howard Payne, Mr. Masur belonged to the "H" Association, was vice-president of the student body, and was president of each class.

While he attended San Marcos Academy, he was student major, and was football captain. He was all-conference fullback for three years at Howard Payne, received all-American mention in 1932, and at one time held the record in javelin throwing there.

He has no favorite hobby. His favorite pastime — reading, dancing, hunting, and fishing. Favorite sports — football, baseball, basketball, and track. Incidentally, he lettered in all these.

No favorite orchestra—however, he played in an orchestra several years, and at one time conducted his own. His favorite color — blue. "Like"—people who are not pretenders. "Dislike"—two-faced people. Favorite actor—James Cagney. Actress—Bette Davis. Favorite subject—Biology.

Mr. Masur's home town is Lockhart, where he coached since 1932.

He has taught at Howard Payne Academy, and at Putnam, Texas, where he was a boxing instructor. He also instructed boxing at Lockhart, and sent 3 boys to Golden Glove Finals; One, Richard Anderson, was fly-weight champion of Texas — Earl Sunderman, advanced to Golden Glove Final; and Orville Ethered, semi-finalist in middle weight division. Since coaching, he has had 26 boys to letter on college football teams.

Mr. Masur teaches Biology and

## HALLOWEEN PARTY

On Monday night, October 27, the Freshmen and Sophomores of St. Anthony High entertained with a Halloween party in the Parish Hall in honor of the Seniors.

The hall was interestingly decorated with the Halloween colors and motif.

Games of "Fortune Hunting" and "Cooty" were played. Mary Ann Finger and John Nester received prizes for high scores.

Delicious refreshments of sandwiches and orange sodas were served to the High School crowd.

## ZERR-BATOT

Miss Alma Batot and Mr. Wm. Zerr were united in wedlock in a double ring ceremony performed at 8 o'clock Thursday morning, October 16, in St. Henry's Church in San Antonio. Rev. Lockwood officiating. The wedding march was played by Sister Damienne, with the St. Henry's High School choir singing hymns during mass.

Her only attendant was her sister, Mrs. Joe Balzen, who was dressed in navy blue and wore a corsage of pink carnations.

The bride, who entered with her father, was met at the altar by the bridegroom and his brother-in-law, Don Scott, who assisted as best man. The bride was dressed in a brown jacket dress with brown accessories and wore a corsage of white carnations.

Following the ceremony a reception was held at the home of Mr. and Mrs. Joe Balzen at 130 Finton St.

## BRIDGE CLUB

Miss Tina Rothe was hostess to the Bridge Club at her home on Thursday afternoon. After the usual games Mrs. Eric Rothe received the members' high score prize and Miss Lucy Rothe was awarded the guest prize. Mrs. John Rieber cut high and the low score award went to Mrs. Ed Finger. Miss Lucy Rothe received the traveling prize.

A delicious salad course was served to the following: Mesdames Ben Koch, Eric Rothe, A. J. Finger, Ed Finger, John Zinsmeyer, Charles Langfeld, Henry Biry, John Rieber, Ed Koch, Ferd Rock, John Finger, Herman Ney, Emma Rothe, and Misses Cornelia Koch and Lucy Rothe.

general science. The most important incident in his life was his entrance into his first college game.

Mr. Masur has brown eyes, dark hair and a good personality. Incidentally his nickname is "Hoot," bestowed upon him from riding bucking horses in a Cherokee Hamlin Rodeo.

We wish to extend to Mr. Masur sincere wishes for an enjoyable teaching position here in Hondo High.

## Surprise Meeting is Held For New Sub Deb Members

Thursday, October 23, a meeting of the Sub Deb Club was held at the home of Laura Lee Leinweber. The new members, not knowing that they were to belong to the club, were thoroughly surprised when it was announced.

Election of officers was about the only business. They are:

President—Dorothy Woolls

Secretary—Geraldine Stiegler

After the business part of the meeting had been completed, the following refreshments were served:

Chicken Salad Sandwiches  
Pimiento and Cheese Sandwiches  
Pickles Olives

Potato Chips  
Iced Tea

Sugar Lemon

Angel Food Cake Orange Sherbet

The dining room was very attractively decorated carrying out the Halloween motif.

The following are the new members: Rosie Finger, Margaret Woolls, Alma Nester, Dorothy Marie Graff, Dorothy Grell, Dorothy Ney, and Betty Jean Bader.

The old members are: Frances Bendele, Laura Lee Leinweber, Frankie Woolls, Stella Grell, Geraldine Stiegler, and Dorothy Woolls.

The next meeting of the club will be held at the home of Margaret Woolls.
